

Beachside Executive Board Meeting Minutes

April 7, 2022

Attendees: Jen Harman, Milford Rathjen, Barry Watson, Amelia Johnson, Jen Bachman, Nisa Roberts, Sabrina Rathjen, and Erin Watson

Amelia Johnson registered Beachside boosters on Sunbiz to be established as a non-profit (503b). The official name is **Beachside Athletic Booster Club, Inc.** There is usually a two-week delay in processing before we will be "official."

To Do: Amelia paid \$75 and should be reimbursed when we have a bank account. The receipt was sent to our Gmail account.

Nisa called several banks on cr210:

Suntrust (now Truist)

Bank of America

Well Fargo

Vystar

We want to choose a bank that offers accounts for non-profits. We will need everyone at the bank that will be allowed to sign for the account when we open the account.

Jen Harman requested help with the football and cheerleader form check-in process. Parents cannot upload the required forms (EL2 & EL3) online yet, so we will need to collect hard copies before the May 2nd start date. Will need to check for signatures and to confirm that parents keep a copy to submit online at a later date

We will set up drop off locations at the following schools over lunch on April 25th:

LPA: Jen Bachman & Erin Watson

Swiss Point: Nisa Roberts & Amelia Johnson

Bartram Trail: Jen Harman

And a drop off at SJGCC from 5:30 to 7:30pm on April 25th

Still need to confirm volunteers for the evening of the 25th

Football will be using the fields at LPA to train. We are not sure if we will have summer camps for fall and winter sports...it will be sport specific and probably won't be more than a week.

Need a lead for a swim coach. It was suggested to contact Kirk Vandusen (sp?)

To Do: Jen Bachman will contact Laura Webb at the SJGCC CDD to see if the Beachside swim team can use our neighborhood pool for practice.

To Do: Need to find out what Bartram pays Rivertown to use their pool for training.

We reviewed the Bartram levels of membership for the Booster club. We decided to keep the levels the same for Beachside: \$75, \$150, \$250, and \$500.

We need to establish a website and come up with offerings for corporate sponsors.

To Do: Ask Bartram Booster club how many people join at the higher membership. Need to consider offering an inaugural season pass for the higher membership.

We reviewed the Beachside Athletic Booster Club bylaws and used the Bartram bylaws as a starting point and incorporated some changes taken from the Creekside bylaws. Revisions were made during the meeting.

To Do: We need to look into concessions and figure out whether we want to outsource it.

The meeting ended at approximately 8:30pm.
